MESSAGE FROM THE APHTOF PRESIDENT

The Portuguese Association for Orofacial Harmonization and Therapeutics (APHTOF) is pleased to announce its first scientific event - the I International Symposium on Orofacial Harmonization!

Our inaugural Symposium will be co-organized with the I International Symposium on Science and Technology in Biomaterials for Orofacial Harmonization (BioHof International Symposium) and will take place at Hotel Fénix Lisboa on September 16th, 2023.

This symposium is not just an event; it is a significant milestone in the evolution of Orofacial Harmonization in Portugal. Our mission is to bring together experts, researchers, and professionals in an environment of knowledge to share experiences and visions for the future of our field.

We invite all physicians and dentists to attend and contribute with their knowledge and expertise. Your attendance is essential for the richness and success of this event. Together, we can advance our profession, build new bridges of knowledge, and establish the foundation for the future of Orofacial Harmonization in our country.

I believe it will be an excellent opportunity to learn, exchange ideas, and establish new connections.

The meeting promises to be highly enriching! We have a diverse program, featuring prominent national and international speakers, as well as commercial brands representation at our venue.

I invite you to participate actively and bring along more colleagues.

Your participation is of great importance for the success of this event and for the future of APHTOF.

Thank you very much for joining us.

I am eagerly looking forward to welcoming you.

Sincerely,

Virgínia Santos

President of the I International Symposium on Orofacial Harmonization

MESSAGE FROM THE BIOHOF PRESIDENT

Aesthetic Medicine and Orofacial Harmonization are complementary practices that combine innovation with clinical, technical, and scientific knowledge.

Working with facial treatments means considering what is necessary to improve the aesthetic of our patient's smile, taking into account the lip lift, the proportions of the thirds of the face and the neck.

We are delighted to invite professionals from around the world to attend this Luso-Brazilian gathering at the I APHTOF & BioHOF International Orofacial Harmonization Symposium.

Join us to hear from world-class speakers, and to share knowledge and experiences as we mastermind the future of Orofacial Harmonization.

We look forward to seeing you there.

Aline Raybolt dos Santos Almeida

President of the I International Symposium on Orofacial Harmonization BioHof

MESSAGE FROM THE PRESIDENT OF THE ORGANIZING COMMITTEE

Esteemed colleagues,

It is with great honor that I represent the Organizing Committee of the I International Symposium on Orofacial Harmonization. This event, held in Portugal, will also be the first Scientific Event of APHTOF, an association of which I am a proud member.

It has been a labor of dedication and growth for all the members who make up this Organizing Committee. Thank you very much to everyone involved.

I hope that all the effort involved in organizing a first event of this magnitude will be appreciated and received by you as a great contribution to the consolidation of knowledge in this precious field, with the rigor and quality that is demanded.

We will be expecting you on September 16, 2023, in Lisbon, Portugal.

Soraya Dieb

President of the Organizing Committee of the I International Symposium on Orofacial Harmonization

MENSAGEM FROM THE PRESIDENT OF THE SCIENTIFIC COMMITTEE

Dear Colleagues,

Just like many other areas on Dentistry, Orofacial Harmonization and Therapeutics field has seen significant technical-scientific development; an increasingly relevant social presence/knowledge and literacy; and a huge demand for training and improvement by Dental Medical Doctors. If we add to this the ethical-deontological challenges of this specific practice, but also the consolidation of this competence on Dentistry, we obtain the reason for the existence of APHTOF - Portuguese Association for Orofacial Harmonization and Therapeutics (APHTOF) and this 1st International Symposium on Orofacial Harmonization.

This Symposium has the co-organisation of BioHof (Brazil), which will consolidate this transatlantic scientific bridge, but is also an international recognition of the work and scientific capacity of APHTOF. The Symposium programme will feature the participation of renowned national and international experts, who will offer important experiences and knowledge on a variety of topics relevant to colleagues, and which will certainly make this event a training asset.

Orofacial Harmonization and Therapeutics plays a fundamental role in overall oral health, from a perspective that goes beyond aesthetics, with improvements in the function of the Stomatognathic System, optimizing quality of life and promoting the general well-being of patients.

This will be a dynamic, enriching event that will positively mark the year 2023 in the universe of Orofacial Harmonization in Portugal.

We are counting on you. Until September.

Júlio Fonseca

President of the Scientific Comitee of the I International Symposium on Orofacial Harmonization

PROGRAMME

08:30

OPEN REGISTRATION

09:15

WELCOME TO THE I INTERNATIONAL SYMPOSIUM ON OROFACIAL HARMONIZATION

09:30 - 11:00

Anatomy of Facial Ageing

AUGUSTA SILVEIRA, DDS, MSC, PHD

SOFIA LOPES, DDS, MSC

11:00 - 11:30

COFFEE BREAK

11:30 - 12:30

THE IMPORTANCE OF OROFACIAL HARMONIZATION IN CURRENT DENTISTRY

VIRGÍNIA SANTOS, DDS, MSC, PHD

12:30 - 13:30

ROUND TABLE: ANATOMY AND PLANNING IN OROFACIAL HARMONIZATION

ALINE RAYBOLT, DDS, MSC, PHD

AUGUSTA SILVEIRA, DDS, MSC, PHD

LIANA LIMA PINHEIRO, DDS, MSC, PHD

SOFIA LOPES, DDS, MSC

VIRGÍNIA SANTOS, DDS, MSC, PHD

13:30 - 15:00

LUNCH BREAK

15:00 - 16:00

ADVANCED FILLER PROCEDURES IN OROFACIAL HARMONIZATION: FROM PLANNING TO EXECUTION

ALINE RAYBOLT, DDS, MSC, PHD

LIANA LIMA PINHEIRO, DDS, MSC, PHD

16:00 - 17:00

REJUVENATION OF THE LOWER FACE

GIANLUIGI BERGAMASCHI, MD, MSC

17:00 - 17:30

COFFEE BREAK

17:30 - 18:45

ULTRASSOUND IMAGING IN OROFACIAL HARMONIZATION (THEORY AND PRACTICE)

NUNO FERNANDES, MD

RUI FERNANDES, DDS, MSC

18:45

MUSICAL MOMENT- EDUARDO SORTE

SINGER, COMPOSER, SONGWRITER

JAZZ SQUAD, CONSERVATÓRIO DO PORTO; ACADEMIA VALENTIM DE CARVALHO, PORTO

19:00

END OF SYMPOSIUM CEREMONY

SPEAKERS MINI CV

CURRICULUM VITAE

Aline Raybolt, DDS, MsC, PhD

Associate Professor at Federal University of Rio de Janeiro's Dental School.

Doctor of Dental Surgery (DDS), Federal University of Rio de Janeiro (UFRJ), Brazil

Specialist in Orofacial Harmonization and Dental Prosthesis, UFRJ.

Master of Science (MSc) in Periodontology, Federal University of Rio de Janeiro

Ph.D in Metallurgical and Materials Engineering with focus on Biomaterials, Alberto Luis Coimbra's Institute for Post Graduate Studies and Research in Engineering-UFRJ (COOPE-UFRJ) and University of Porto, Portugal.

Postdoctorate in Dental Surgery at University of São Paulo (USP), Brazil.

Guest Adviser Professor for Strictu Sensu Masters and academic Doctorate Programmes at the Military Engineering Institute (IME) and COOPE-UFRJ, and LatoSensu Programmes in Dentistry at Federal University of Rio de Janeiro's Dental School

Deputy Coordinator of the PROPPIO Laboratory for Advanced Research in Mechanical, Physicochemical and Biological Properties.

Coordinator of the Postgraduate Program in Orofacial Harmonization at Federal University of Rio de Janeiro

National and international publications in the field of Biomaterials, Oral Rehabilitation and Facial Aesthetics

President of BioHOF International Congress

CURRICULUM VITAE

Augusta Silveira, DDS, MSc, PhD

Associate Professor at Fernando Pessoa University, Porto, Portugal

Doctor of Medicine in Dentistry (Doctor of Dental Medicine) at the Higher Institute of Health Sciences – North (2000)

Manager of the Scientific-Pedagogical Anatomy & Dental Medicine group of the integrated Master's of Dental Medicine

Professor of Anatomy I, Anatomy II, Anatomy and Oral Histology, General Pathology, Integrated Clinic I/II and of Specialization in Pediatric Dentistry at Faculty of Health Sciences of Fernando Pessoa University (since 2001)

Specialist and Master in Oncology (2007), Abel Salazar's Institute of Biomedical Sciences (ICBAS)

Master in Orofacial Harmonization, European University Miguel de Cervantes (2022)

PhD in Medical Science, ICBAS (2011)

Researcher in Oral Medicine and Oral Oncology; Orofacial Harmonisation, Community Health and the assessment of quality of life relating to health with the main focus on Oncology.

Practitioner of Dental Medicine since 2000, acting as Clinic Director, with interest in Oral Medicine, Aesthetic Dental Medicine & Orofacial Harmonisation

Northern Vice President of the Portuguese Association of Orofacial Harmonisation and Therapy

Scientific Consultant of CMHOF: Medical Complications in Orofacial Harmonisation

Clinical Director of the Medical Clinic and Dayspa WellmedicalSPA, Ltd

Member of the Constitutive Commission of the Orofacial Harmonisation Sectorial Competence (Order of Dental Doctors)

Authored and co-authored several scientific papers published in national and international journals. Frequently attends national and international scientific events as speaker and/or members of organising and scientific committees.

CURRICULUM VITAE

Gianluigi Bergamaschi, MD, MSc

Antiaging, Full Face Rejuvenation and Plastic Surgery Aesthetic Medicine
 Doctor, La Sapienza University, Rome, Italy
 General Surgeon, University of Modena and Reggio Emilia, Modena, Italy
 Plastic Surgeon, Ivo Pitanguy Institute, Rio de Janeiro, Brazil
 Master of Science in Reconstructive Breast Surgery, La Spaienza University, Rome, Italy
 Director of the Bergamaschi Aesthetic Medicine Clinic
 Accredited doctor, Obagi Skin Health Institute, Beverly Hills, CA
 Scientific Director of the European Association of Plastic Surgery (ACEIP)
 Creator of the Aesthetic Medicine and Plastic Surgery service of Castrocaro Terme's unit of the GVM (Villa Maria Group) Group of Care and Research, Forli, Italy
 Surgeon at the National Health Service, Rome, Italy
 Head of the Plastic Surgery Department at Tivoli Hospital, Roma, Italy

CURRICULUM VITAE

Liana Pinheiro, DDS, MSc, PhD

President of the Brazilian Dentistry Academy
 Doctor of Dental Surgery (DDS), Federal University of Rio de Janeiro (UFRJ), Brazil
 Doctor and Master in Orthodontics and Facial Orthopedics
 Specialist in Orthodontics, Functional Jaw Orthopedics
 Graduated in Dentistry Laser
 Specialist in Functional Occlusion, Roth Williams Centre for Functional Occlusion
 Authored the first lingual orthodontics book published in America
 Full member and General Director of the Brazilian Dentistry Academy
 Full member of the Dentistry Academy of Rio de Janeiro
 Honorary member of the Brazilian Dental Writers Society
 Coordinator of the first Brazilian Refresher Course in Lingual Orthodontics
 Mentioned as a Leader of the Field on 2011 Who's Who Historical Society
 Nominated as Professional of the Year by Cambridge University in 2006 and 2011

CURRICULUM VITAE

Nuno Fernandes, MD

Doctor, Nova Medical School, Lisbon

Specialised in Internal Medicine

Post-graduate in Aesthetic Medicine and Antiaging, Alcala University, Madrid

Graduated in Musculoskeletal Ultrasound and Facial Ultrasound, Cutaneous, London

CURRICULUM VITAE

Rui Fernandes, DDS, MSC

Doctor of Medicine in Dentistry (DMD), Masters at FCS-UFP

Oral Surgery, University of Medical Sciences, Villa Clara, Cuba

Masters in Aesthetical Medicine, APE, University of Los Andes, Venezuela

Master Professor of Facial Anatomy / cadaver dissection, Scientific Committee, IFDS, Miami, USA

Visiting Professor at Patient Safety Committee, IFDS, Miami, USA

Cutaneous Ultrasound Course, London

Mentor and Creator of the first Individualized Training 101 Program in Portugal for doctors and dental doctors

Founder of CMHOF: Medical Complications in Orofacial Harmonization

CURRICULUM VITAE

Sofia Lopes, DDs, MSc

Doctor of Medicine in Dentistry (DMD), University of Lisbon – FMDUL (1993)

Master in Preventive and Community Dental Medicine, Faculty of Dental Medicine of the University of Lisbon - FMDUL

Orofacial Harmonization Trainer since 2019 (Lisbon – Belearning Training Centre, Cascais – Alinea Training Centre, and Porto – IRON Education Training Centre)

Guest Assistant for Preventive and Community Dental Medicine at FMDUL (1994 and 2010)

Clinical practitioner in Orthodontics since 1997

Master in Aesthetic Medicine and Antiaging, Faculty of Medicine at Complutense University of Madrid – FMUCM (2015/2016)

Advanced training in Orofacial Harmonization (Ultimate Anatomy Cadaver Course: Dr. Bob Khanna, King's College, London (2023); Orofacial Harmonization Surgery (Bichectomy and Liposuction of the jowls): Dr. Marcelo Germani (2022); Advanced Facial Anatomy 101 (Craniofacial Research and Study Center): Dra. Patrícia Oyole (April- June 2022); Traction Threads and Facial Tissue Biostimulation: Dra. Juliana Varão Institute (2021); Lip Sculpture (B3D LipSculpture Method) Advanced: Dra. Andressa Ballerin (2019); Dermal Filler level 3 Part 2 - Hands On Training Course: Bob Khanna Institute (2017); Dermal Filler level 3 Part 1 - Hands On Training Course: Bob Khanna Institute (2017); Dermal Filler level 2 – Lip Masterclass - Hands On Training Course: Bob Khanna Institute (2017); Dermal Filler level 1 – Lip Masterclass - Hands On Training Course: Bob Khanna Institute (2017); Heart Lips: Bob Khanna Institute (2017).

President of the Portuguese Orofacial Harmonization and Therapy Association's General Assembly

Member of CMHOF: Medical Complications in Orofacial Harmonization

Regular participant in National and International scientific events

CURRICULUM VITAE

Virgínia Carvalho Santos , DDS, MSc, PhD

Doctor of Medicine in Dentistry (DMD), Faculty of Dental Medicine, University of Lisbon (2004)

Assistant Professor at the Oral Rehabilitation Department, Faculty of Dental Medicine, University of Lisbon

Specialist in Restorative and Aesthetic Dentistry, Egas Moniz Higher Institute of Health Sciences (2005/2006)

Master in Restorative and Aesthetic Dentistry, Egas Moniz Higher Institute of Health Sciences (2006/2008)

Post Graduate in Oral Rehabilitation, Dental Medicine Faculty of University of Lisbon (2007/2008)

Post Graduate in Mesotherapy, Portuguese Aesthetic Academy and Skin Academy Barcelona (2013/2014)

PhD in Biomaterials, Dental Medicine Faculty of University of Lisbon (2013/2016)

Post Graduate in Aesthetic Medicine and Antiaging, Complutense University of Madrid (2017/2018)

Post Graduate in Ozone Therapy, Higher Institute of Management and Administration of Santarem (2019/2020)

Oral Aesthetic and Rehabilitation trainer since 2011

National and international publications in the field of Biomaterials and Oral Rehabilitation

Clinical practitioner of Oral Rehabilitation and Orofacial Harmonization

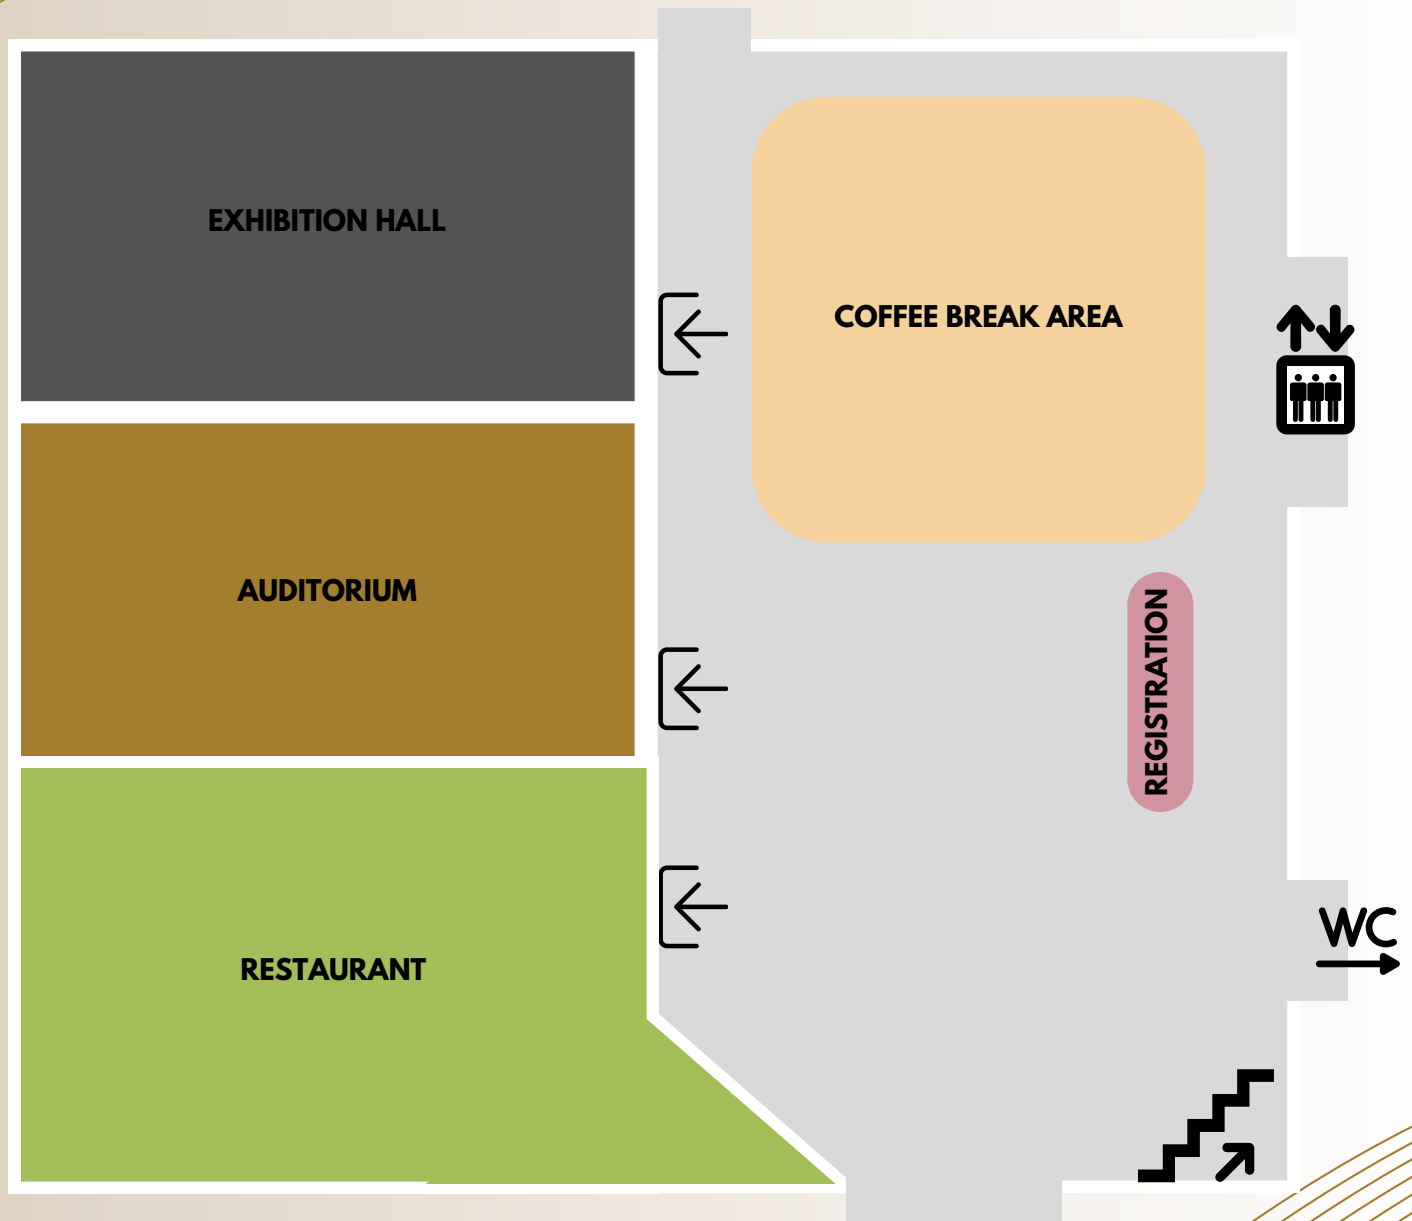

Ambassador for Fillmed

President of the The Portuguese Association for Orofacial Harmonization and Therapeutics (APHTOF) since 2019

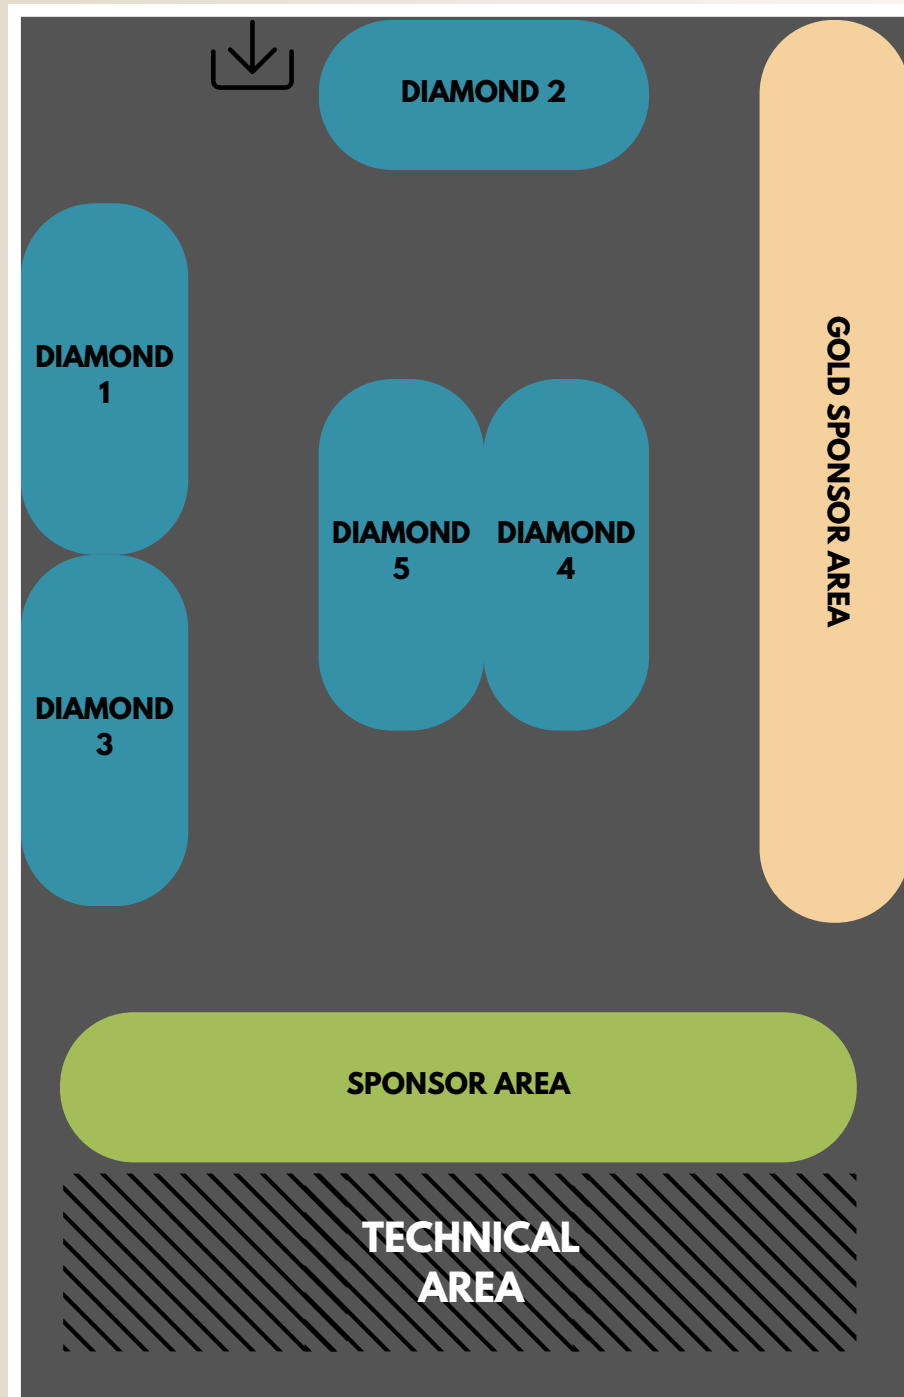

Coordinator of the Working Group of Sectoral Skills of the Portuguese Order of Dental Doctors since 2021

Coordinator of the Constitutive Committee of the Orofacial Harmonization Sectoral Competence
